**OKLAHOMA BULLETIN NO. OK230-4-6**

**SUBJECT: EOP – Women’s History Month**

**Purpose:** To inform employees of the theme for the NRCS Women’s History Month

**Expiration Date:** September 30, 2004

March is nationally recognized as Women’s History Month. “Women Inspiring Hope and Possibility” is the theme for 2004. This is a great opportunity to acknowledge the many contributions women have made to our country and our agency.

The theme celebrates the hope and sense of possibility that comes to our lives from the inspirational work of women. Hope comes in many forms, from laws challenged and changed, new research, stories of compassion and courage, and watching women stand tall against great odds so future generations would have opportunities they could only dream about.

The theme recognizes women whose lives and work provide guideposts of hope for our future. We all should be reminded of what the human spirit can achieve if our eyes are fixed on our greatest potential.

The NRCS is committed to the ongoing celebration of women’s contributions to our world, country, and agency. We encourage all employees to participate in activities commemorating the achievements and contributions of women.
